stamped out the scourge of
Fascism...**

**... don't let them back
on May 5!**

Don't be fooled by the British National Party. They masquerade as main-stream candidates but that hides their real motives. They are racist thugs.

Do you want them to represent you?

The British National Party say they are the party of law and order. So why are they so violent?

- Leader Nick Griffin has convictions for incitement to racial hatred.
- BNP Chief Steward Warren Bennett has a conviction for public disorder.
- Their “development officer”, Tony Lecomer has 12 convictions, including one for possession of hand grenades.

The BNP say they are a proper party. The evidence says they are not:

- Scottish Organiser and Parliamentary candidate Scott McLean has attended nazi ‘Blood and Honour’ festivals across the UK
- Glasgow Organiser and Parliamentary candidate Walter Hamilton has tried to exploit a Scottish charity to get positive publicity for his party.
- They want Scotland to exclude fresh talent and skilled refugees, leaving our population declining and aging, and undermining our economy and public services.
- They divide communities. They try to exploit local problems, creating tensions to try and con people that they have the solutions. Don't let racists ruin Scotland.
